FAQs

Q.How long will it last?

A. The expected life of permanent cosmetics is 3 – 5 years at this time you will need a renewal touch-up.

Q.Does it hurt?

A. You will feel a deep tickling sensation during the first pass, which only lasts seconds. Liquid numbing is applied and deposits into the epidermis layer of the skin. At this point you will feel nothing but the slight vibration of the hand piece being used.

Q.How long is the procedure?

A. Permanent cosmetic appointments usually last 2 hours for one area (eyebrows, lipliner, eyeliner, or areola)

Q.Will it rub off if I sweat or go swimming?

A. No.The color pigments are placed into the epidermis and skin heals over the color pigments allowing its permanence.

Q.What is the difference between permanent cosmetics and tattoos?

Permanent Cosmetics*	Tattoos
• Liquid iron oxide pigments	• Ink
• Numbing product used	• No numbing used
• Medical facility (advised)	• Tattoo Salon
• Face	• Body
• Enhances facial features	• Artwork on your body

*However Permanent Cosmetics are considered tattoos by industry standards.
