*An Afternoon of
Bridal Luxury*

The Atlantan Brides magazine hosted an afternoon full of planning ideas for brides who expect nothing less than the best! In honor of all things decadent, guests celebrated the launch of our second issue! Bold American Catering transformed the King Plow Arts Center into a wedding wonderland. The city's top bridal experts were there to walk brides through their big day. Guests got a sneak peek of the latest couture gowns, breathtaking jewels, stunning florals, dramatic papers and enchanting photography! All attending brides received a luxury tote filled with goodies from all of their favorites.
